

GETTING BACK TO WORK SAFELY

Good hygiene practices

PHASE 3

- 

1 **STAY AT HOME AND CALL YOUR FAMILY DOCTOR (GP)**
if your body temperature is above 37.5°,
or if you're showing symptoms such as cough, difficulty breathing,
severe sore throat, cold and conjunctivitis, loss of taste and smell, diarrhoea
- 

2 **GO TO THE RECEPTION DESK**
to have your temperature checked if you start feeling
unwell while at the University
- 

3 **ALWAYS WEAR A FACE MASK**
while at the University (study spaces, laboratories, libraries, common spaces, etc.)
to cover your mouth and nose
- 

4 **WASH YOUR HANDS FREQUENTLY**
preferably using soap and water,
or the hand sanitiser dispensers on site
- 

5 **AVOID GATHERINGS**
and **ALWAYS KEEP A DISTANCE OF AT LEAST 1 METRE FROM OTHER PEOPLE**
